## § 700.12

### Subpart D—Industrial Priorities

#### § 700.10 Authority.

(a) *Delegations to the Department of Commerce.* The priorities and allocations authorities of the President under Title I of the Defense Production Act with respect to industrial resources have been delegated to the Secretary of Commerce under Executive Order 13603 of March 16, 2012 (3 CFR, 2012 Comp., p. 225). The priorities authorities of the President under the Selective Service Act and related statutes with respect to industrial resources have also been delegated to the Secretary of Commerce under Executive Order 12742 of January 8, 1991 (3 CFR, 1991 Comp. 309).

(b) *Delegations by the Department of Commerce.* The Department of Commerce has authorized the Delegate Agencies to assign priority ratings to orders for industrial resources needed for use in approved programs.

(c) *Jurisdiction limitations.* (1) The priorities and allocations authority for certain items have been delegated under Executive Order 13603, other executive orders, or Interagency Memoranda of Understanding between other agencies. Unless otherwise agreed to by the concerned agencies, the provisions of this part are not applicable to those other items which include:

(i) Food resources, food resource facilities, livestock resources, veterinary resources, plant health resources, and the domestic distribution of farm equipment and commercial fertilizer (delegated to the Department of Agriculture);

(ii) All forms of energy (delegated to the Department of Energy);

(iii) Health resources (delegated to the Department of Health and Human Services);

(iv) All forms of civil transportation (delegated to the Department of Transportation); and

(v) Water resources (delegated to the Department of Defense/U.S. Army Corps of Engineers).

(2) The priorities and allocations authority set forth in this part may not be applied to communications services subject to Executive Order 13618 of July 6, 2012—Assignment of National Security and Emergency Preparedness

Communications Functions (3 CFR, 2012 Comp., p. 273).

#### § 700.11 Priority ratings.

(a) *Levels of priority.* (1) There are two levels of priority established by this regulation, identified by the rating symbols “DO” and “DX”.

(2) All DO rated orders have equal priority with each other and take preference over unrated orders. All DX rated orders have equal priority with each other and take preference over DO rated orders and unrated orders. (For resolution of conflicts among rated orders of equal priority, see § 700.14(c).)

(3) In addition, a Directive issued by Commerce takes preference over any DX rated order, DO rated order, or unrated order, as stipulated in the Directive. (For a full discussion of Directives, see § 700.62.)

(b) *Program identification symbols.* Program identification symbols indicate which approved program is being supported by a rated order. The list of approved programs and their identification symbols is found in schedule I to this part. For example, A1 identifies defense aircraft programs and A7 signifies defense electronic programs. Program identification symbols, in themselves, do not connote any priority.

(c) *Priority ratings.* A priority rating consists of the rating symbol—DO and DX—and the program identification symbol, such as A1, C2, or N1. Thus, a contract for the production of an aircraft will contain a DO-A1 or DX-A1 priority rating. A contract for a radar set will contain a DO-A7 or DX-A7 priority rating.

#### § 700.12 Elements of a rated order.

(a) *Elements required for all rated orders.* (1) The appropriate priority rating and program identification symbol (e.g., DO-A1, DX-A4, DO-N1).

(2) A required delivery date or dates. The words “immediately” or “as soon

as possible” do not constitute a delivery date. When a “requirements contract,” “basic ordering agreement,” “prime vendor contract,” or similar procurement document bearing a priority rating contains no specific delivery date or dates, but provides for the furnishing of items from time-to-time or within a stated period against specific purchase orders, such as “calls,” “requisitions,” and “delivery orders,” the purchase orders supporting such contracts or agreements must specify a required delivery date or dates and are to be considered as rated as of the date of their receipt by the supplier and not as of the date of the original procurement document.

(3) The written signature on a manually placed order, or the digital signature or name on an electronically placed order, of an individual authorized to sign rated orders for the person placing the order. The signature, manual or digital, certifies that the rated order is authorized under this part and that the requirements of this part are being followed.

(4) A statement that reads in substance: “This is a rated order certified for national defense use and you are required to follow all the provisions of the Defense Priorities and Allocations System regulations (15 CFR part 700).”

(b) *Additional element required for certain emergency preparedness rated orders.* If a rated order is placed for the purpose of emergency preparedness requirements and expedited action is necessary or appropriate to meet these requirements, the following statement must be included in the order: “This rated order is placed for the purpose of emergency preparedness. It must be accepted or rejected within [Insert a time limit no less than the minimum applicable time limit specified in § 700.13(d)(2)].”

[79 FR 47565, Aug. 14, 2014]

**§ 700.13 Acceptance and rejection of rated orders.**

(a) *Mandatory acceptance.* (1) Except as otherwise specified in this section, a person shall accept every rated order received and must fill such orders regardless of any other rated or unrated orders that have been accepted.

(2) A person shall not discriminate against rated orders in any manner such as by charging higher prices or by imposing different terms and conditions than for comparable unrated orders.

(b) *Mandatory rejection.* Unless otherwise directed by Commerce:

(1) A person shall not accept a rated order for delivery on a specific date if unable to fill the order by that date. However, the person must inform the customer of the earliest date on which delivery can be made and offer to accept the order on the basis of that date. Scheduling conflicts with previously accepted lower rated or unrated orders are not sufficient reason for rejection under this section.

(2) A person shall not accept a DO rated order for delivery on a date which would interfere with delivery of any previously accepted DO or DX rated orders. However, the person must offer to accept the order based on the earliest delivery date otherwise possible.

(3) A person shall not accept a DX rated order for delivery on a date which would interfere with delivery of any previously accepted DX rated orders, but must offer to accept the order based on the earliest delivery date otherwise possible.

(4) If a person is unable to fill all the rated orders of equal priority status received on the same day, the person must accept, based upon the earliest delivery dates, only those orders which can be filled, and reject the other orders. For example, a person must accept order A requiring delivery on December 15 before accepting order B requiring delivery on December 31. However, the person must offer to accept the rejected orders based on the earliest delivery dates otherwise possible.

(c) *Optional rejection.* Unless otherwise directed by Commerce, rated orders may be rejected in any of the following cases as long as a supplier does not discriminate among customers:

(1) If the person placing the order is unwilling or unable to meet regularly established terms of sale or payment;

(2) If the order is for an item not supplied or for a service not performed;

(3) If the order is for an item produced, acquired, or provided only for
